Background

COVID-19 pandemic has caused immense hardship for everyone globally. People in Sri Lanka, particularly the war affected regions of the Northern and Eastern Provinces of Sri Lanka, faces challenges due to the continued lockdown. These regions are the highest unemployment recorded in the country for many years.

The Sri Lankan government has imposed a complete island wide lockdown to prevent the spread of COVID-19. The lock down in Sri Lanka which began on March 20th with almost continues curfew has now lasted for more than a month.

The daily wage earner families have been impacted the most without any income for several weeks now. They have been struggling for their basic food needs and some are in the brink of starvation.

North and East Economic Development (NEED) Centre

<https://www.needcentre.org/>

The NEED Centre, established in 2017, is a platform to develop local economic development initiatives between local communities of the Northern and Eastern provinces of Sri Lanka, is well positioned to execute the emergency COVID-19 food relief for the most vulnerable families in the war affected Northern and Eastern Provinces of Sri Lanka. It has reached out to its donors and friends inside and outside of the country for support to distribute food packages. Each package valued between LKR 1000 (US\$ 5.25) and LKR 1100 (US\$ 5.75) will consist of very basic food supplies sufficient for a family of 3 to 5 for one week. NEED Centre will implement the food relief efforts in most of the districts directly with the help of its reliable volunteers and supporters. In some other districts NEED Centre will facilitate the food relief distribution with carefully identified, reliable local district partners.

Canadian Tamil Congress

<http://www.canadiantamilcongress.ca/>

The Canadian Tamil Congress (CTC) has committed to support with emergency COVID-19 food relief for 2,500 vulnerable families in total which would equal to 250 or more families in each of the 8 districts in the Northern and Eastern Provinces of Sri Lanka. CTC has approved NEED Centre to facilitate/implement and report on its food relief efforts in the North East Sri Lanka.

Funding

The Canadian Tamil Congress (CTC) launched its fundraising efforts among Tamil Canadian community to support the COVID-19 emergency food relief in the war affected Northern and Eastern Provinces of Sri Lanka in the last week of March 2020. PrintFast – Canada supported this appeal and co-sponsored (CAD \$1000) the Amparai district (Karaitivu DS Division) food relief effort. The CTC transferred the funds to NEED Centre's bank account and food supplies were purchased. The NEED Centre also paid for operational expenses including distribution expenses such as fuel and transportation cost.

Beneficiary Family Identification, Food Supplies and the Distribution of Food Relief in the Mullaitivu District

Beneficiary families have been carefully identified with the help of Grama Niladari, Rural Development Societies and Women Development Societies. Emphasis was made, attention was given to ensure the families selected are the most vulnerable as differently-abled people, women headed families, family have more family members and most in needs and not receiving any other relief.

A total of 200 families in the Amparai district from the Karaitivu DS Division received the food relief packages for a total value of Sri Lankan Rupees 1002(US\$ 5.25) per package. Each food package contained the following items 5 kg Rice, 1 kg Wheat Flour, 1 kg Sugar, 1 kg Lentils, 1 pack Soya meat and 1 Bar soap.

The NEED Centre with the support of local community leaders and volunteers, implemented the packing and distribution, which was completed during the curfew times with special permission from the Police. The food package distribution for most part was done by door to door delivery and in some cases in a location very close to the beneficiary family's homes.

Budget / Cost

Food Supplies and Packing Cost for 200 families - LKR 200,400(US\$ 1,055)

Transport, Fuel and Volunteer support - LKR 10,000(US\$ 53)

NEED Centre Administration Fee - LKR 15,000(US\$ 79)

Total Cost for Amparai District distribution for 200 families LKR 225,400(US\$ 1,186)

Challenges and Recommendations

The long curfew hours presented immense challenges in purchasing the necessary food supplies and also in food packaging and distribution.

One week of the very basic food supplies is not sufficient for these struggling families. Food supplies for two weeks for these struggling families will reduce the burden on volunteers and also reduce the logistics cost and the administration costs.

The food items supplied are very basic and not sufficient; more food items need to be considered. For example, flour, soya meat, oil, salt, tea and soap bar. An increase in the budget for a food package should be considered.

Requesting continued support for COVID-19 food relief in these most vulnerable regions. Also support for post COVID-19 recovery is very critical for this war affected region.
